Treasurer ——— Harry Lehr

Secretary ——— Tato Ramirez

Advisors

Doug Arrick

Sherry Arrick

Lori Morris

In Guatemala:

President: Karla Gonzales

Vice President: Sandra US

Treasurer: Carlos Miranda

Secretary : Mary

The Pandemic has caused heavy and difficult problems in Guatemala.

Information as of September 7th

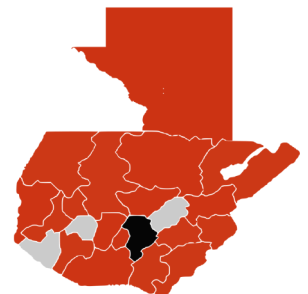

% of population vaccinated: 14.9%

Currently there are 489,000 cases

Deaths have reached 12,315

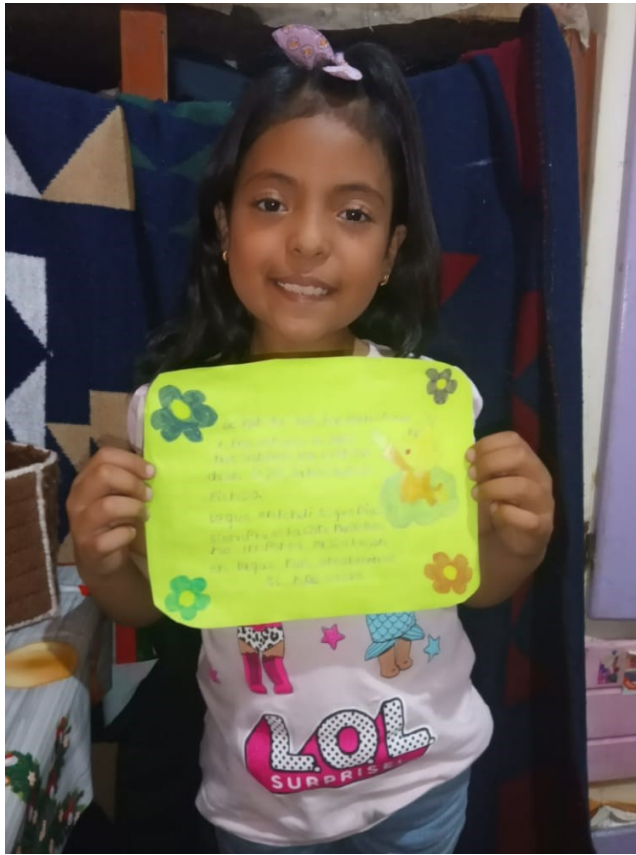

The Stater Depaartment advises:

Unvaccinated travelers should avoid travel to Guatemala.

Our program is seriously considering offering vitamins and minerals to staff, volunteers and our neighbors.

As always we want our friends and donors to know that we deeply appreciate all you do. Your help during the current COVID crisis is more than appreciated. Thank you so much for all you do.

Life goes on.

We don't let COVID-19 OVERTAKE OUR EFFORTS.

The program at Guatemala has been focused on education of children in a marginalized area of Guatemala City.

The program also prided itself on its ability to provide a Spiritual Journey twice a year.

Of course the current Pandemic has basically forced these projects into revision formats for the immediate future.

We choose to maintain as much original programming as possible through these temporary revisions.

The education of children continues as we support their internet classes.

The child above is proudly displaying her response to our providing a spiritual activity. The kids were asked to respond to a bible verse and e-mail a photo with their interpretation of the a bible verse they had received..

Meditation

Comfort, O Comfort your people O God

Holy God, creator of all, we are in your presence in need of your care, your healing and your comfort. We come heartbroken and overwhelmed as we witness and experience the increasing number of individuals dying from CO VID-19. The earth groans, the trees weep, and we know, O God, that you know the depths of our grief and pain. Comfort O comfort your people, O God

We pray for the many families who are suffering in these days Families that are isolated from each other, distanced as loved ones struggle through the pains and illnesses. We pray for those who are watching from afar as loved ones transition into everlasting life, many alone and unable to care for themselves. Comfort O contort you people O God.

We pray for those among us who are grieving and mourning. Support us in our grief, Be present as we sit in the pools our tears have created. Hold us in the silent moments that come as we remember the loss that we have suffered. Comfort O comfort your people, O God.

We pray for your healing in these days We pray that you walk with families and loved ones as they pass through this valley of the shadow of death.

We give thanks for your peace and comfort with us and to come. We pray these things in the name of Jesus.

Church of Christ.)

Family Coffee Update

The market share for our Family Coffee sales has become very static. We are currently in the planning stages of our effort to turn this around and improve our Market Share. Two ideas are in the forefront of this project. (1) we are planning to offer some discount coupons. (2) We plan to ask our friends to share our future promotions on their social media and (3) We are requesting our friends that if they have any ideas regarding our ability to increase our market share to contact us with those ideas.

Our Family Coffee is grown in Yaunera, San Pedro Copan, Honduras. The coffee is grown at an altitude of 1,400 meters (i.e. 4,593 feet). This is an altitude which produces an excellent coffee.

Located along the western coast of Honduras near Guatemala, Here the temperature is generally cool, which is best for our Arabica coffee. Many individuals report that the coffee has notes of citrus, chocolate and caramel, with a delicate acidity with a bold creamy lingering finish.

Facts about Honduran Coffee

1. Honduras is the largest producer of coffee in Central America.
2. Honduras is the 3rd largest producer of coffee in Latin America.
3. And is the 6th largest exporter of coffee in the world

Coffee cherries (berries) ready for the harvest.

You can purchase our premium Honduras Coffee on our [website](#).

Our coffee is available in Regular and French Roast. Whole bean or ground as well as Decaf.

You can be a part of our mission

Your prayers are an important element. They are what makes it possible for us to meet our goals.

Your purchase of our Family Coffee supports our efforts in Guatemala City

Students in our library class room. Prior to the Pandemic
